

# STEAMD Booklet

'EVERY SMALL CHANGE  
CAN MAKE A DIFFERENCE.'

SCARLETT – NATIONAL PLASTICS STUDENT SUMMIT PARTICIPANT

Old  
Parliament  
House

# Brief

**Drawing on your Call to Action statement developed during the inquiry process, this activity is all about creating a practical solution.**

During this process you will need to consider a range of ideas, plan, create and implement a positive change that will help reduce waste and support care for the environment. This can be a very small, simple change, remember every little bit makes a difference. When discussing ideas with your group keep in mind the following questions.

## Overarching Questions:

**How will this initiative create change?**

---

---

---

---

---

**Who will benefit from this change?**

---

---

---

---

---

# CALL TO ACTION Statement

## Imagine

How will you achieve your  
Call to Action statement?

---

---

---

---

---

---

---

---

What are some possible  
solutions to your problem?

↙

- 
- 
-

# Plan

What initiative are you going to create to solve the problem?

---

---

---

---

---

---

---

---

---

---

What resources will you need?

<input type="radio"/>	
<input type="radio"/>	
<input type="radio"/>	
<input type="radio"/>	
<input type="radio"/>	
<input type="radio"/>	
<input type="radio"/>	
<input type="radio"/>	
<input type="radio"/>	

Create a labelled diagram to support your thinking.

# Create

Was there anything you needed to change or modify while creating your design?

Explain why.

# Test / Modify

How will you know if your initiative is successful?

---

---

---

---

---

Are there any modifications which need to be made before implementing your final design?

Explain why.

5

# Reflect

Describe some of the positives from your experience.

---

---

---

---

---

---

---

---

What were some of the challenges?

---

---

---

---

---

---

---

---

What would you do differently next time?

---

---

---

---

---

---

---

---
