## Inquiry booklet

NAME: .....

**Starting with a Sustainable Development Goal (SDG), let's begin asking questions...**

Let's figure out what change you would like to make towards reaching your SDG!

## The "Driving Question"

My SDG is...

What do you **already know**?

What do you want to **find out**?

Think about what you are most interested in.  
Can you channel this into **ONE main question?**

**Write your driving question here:**

.....

.....

.....

## Guiding Questions

What other questions do you have to ask to answer your **driving question?**

.....

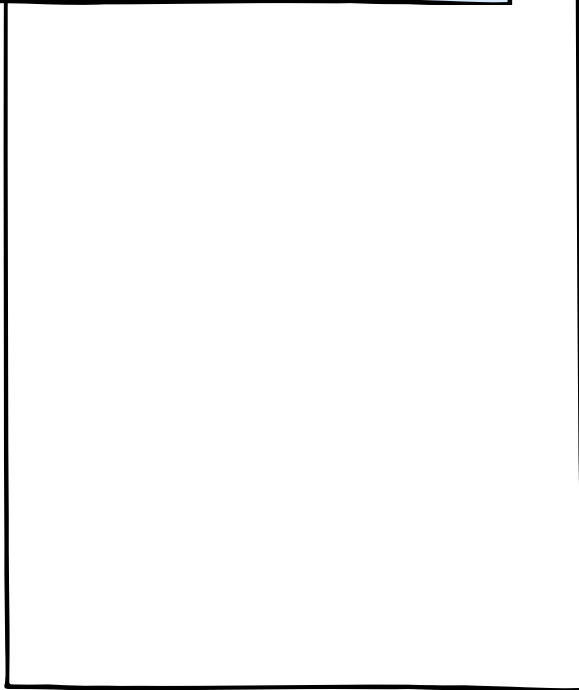

.....

.....

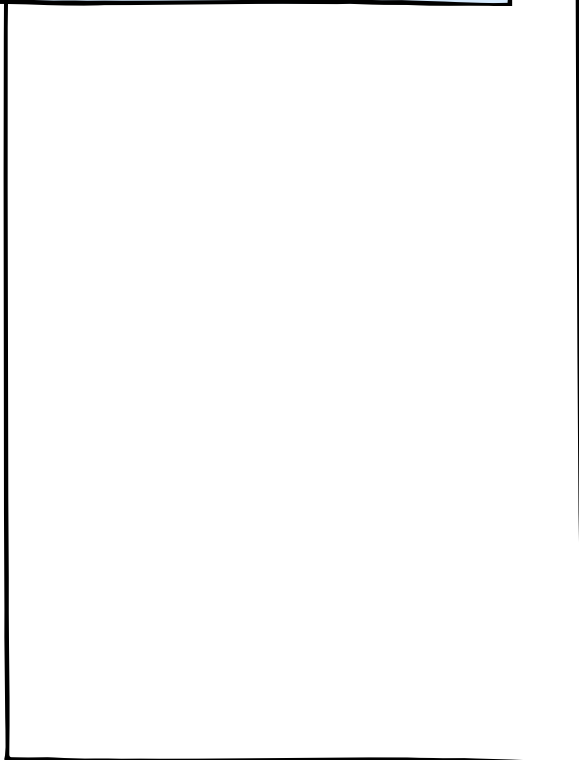

.....

# Investigate

Where will you find **reliable information**?

What information will **support** your answer?

## Research Notes

# Design

How do you want to **present** the information you have collected?

**Map out your ideas here...**

# Create

What **resources** do you need to create your design?

.....

.....

.....

In answering your driving question, what is the **main point** you would like to make?

To make things a little easier if you are in a group, consider making a **task list** and **allocating roles** to each group member.

Tasks	Roles
<input type="checkbox"/>	
<input type="checkbox"/>	
<input type="checkbox"/>	
<input type="checkbox"/>	
<input type="checkbox"/>	

# Present/Discuss

Listen to other presentations and record **what stands out to you?**

A set of horizontal lines for writing, with a vertical blue line on the left side.

How do others' findings **connect** to your research?

A large empty rectangular box for writing.

# Call to Action

What have you **learned** from your inquiry?

Think about what you have learned and discovered.  
Can you channel this into **ONE** idea for change?

**Write your idea for change here:**

.....

.....

.....
